

The Making of a Superhero!

God established Fathers to be the Superheroes of the family.

What is a superhero?

Protector/ bulletproof/ armored/ wise....superman...

God gave mothers to gain and establish the next generation's hearts, but God created Dads to establish the structure of the next generation. The father establishes an atmosphere of Security, of Stability of the next generation. The mother has the heart, the father molds the psychological stability of the child. Establishing self-worth, self-confidence, the ability to operate in an environment of maturing focus.

That said, think on these things: 17 million children are being raised in fatherless homes; 400,000 children are displaced from their homes and live in foster homes.

Therefore we have crime, suicide, sexuality, confusion running rampant in our society. The Fathers are missing....

Let's look at a few Biblical examples: Adam, Noah, Abraham, David....

Adam...

Noah...

Abraham...

Notice the Fathers, all have some good qualities, all know God, all are men of God... Therefore it is not enough to be a Christian, etc....

Choices, Faith and Faithlessness are the dictators of what the next generation walk in.

Let's look at the man David...

2nd Samuel 19

What is the answer? How does God show us how to father?

God the Father established some areas that create an empowered next generation:

God intended a Father to be viewed with certain established criteria that was displayed in Exodus 3: 1...

1. Honor – Authority – Take off thy shoes...
2. Respect – Obedience
3. Humility – an attitude of reverence
4. Holiness – not like others
5. Reverential Fear
